Department of Education
Ministère de l'Éducation

The Department of Education is currently accepting community funding requests for the proposed 2010/2011 Healthy Children Initiative program.

The goal of the Healthy Children Initiative is to have healthy children growing up with strong, supportive families in caring communities.

This initiative provides funding for communities to develop or improve programs for children aged 0-6 and their families. These programs should emphasize providing early intervention and/or supportive services for young children.

For information on funding criteria guidelines please contact:
